CATERING KIT

Contains the following:

- 1 x Carry Case
- 1 x High Accuracy Chef Thermometer

Up to 3 Stainless Steel Type T Penetration Probes can be added as an option:

- 1.6mm x 60mm
- 3.3mm x 120mm
- 3.3mm (2mm reduced tip) x 120mm

Stainless Steel Penetration Probe

316 Stainless Steel Penetration Probe with a pointed tip for liquid and semi-solid temperature measurement. Comprising of a handle, 2 metre coiled cable and a mini plug.

- Calibration: IEC
- Type: T
- Probe Length: 60mm or 120mm
- Diameter: 1.6mm or 3.3mm
- Maximum Temperature: 400°C

High Accuracy Chef Thermometer

High accuracy chef thermometer, hold function, HACCP compliant, highly accurate, IP67 waterproof, dual LCD display. For handheld spot checks on food and liquids: meat, chicken, fish, ready meals, beverages.

Easy to use: two button operation, dual display, auto switch off capability.

- Measurement Range -50 to + 400°C
- High Accuracy +/-0.1% of Reading +/-0.2°C, 0.1°C Resolution
- IP67 Waterproof
