Thermopoches perces solides

Labfacility are the UK's leading manufacturer of Temperature Sensors, Thermocouple Connectors and associated Temperature Instrumentation and stockings of Thermocouple Cables. The Company has been trading since 1971 and is ISO9001 accredited.

Les thermopoches en acier inoxydable de diffrentes tailles sont conues pour tre utilises avec des sondes de temprature de style industriel afin de protger le revtement contre les milieux corrosifs et de faciliter le remplacement des sondes sans perturber le processus.

Dorigine, les connexions de procd sont BSPP de 1/2 pouce en standard, un raccord BSPP de compression de 1/8 de pouce adapt au diamtre de la sonde est ncessaire pour connecter le capteur la thermopoche.

Specifications

General Description	From stock, process connections are 1/2 inch BSPP as standard, a 1/8 inch BSPP compression fitting to suit diameter of probe is required to connect sensor to thermopocket.
Material	Stainless steel
Type & Stem Diameter	303SS / 304SS, 12mm Stem
Stem Length	50mm, 100mm, 150mm
