

# LABFACILITY

TEMPERATURE & PROCESS TECHNOLOGY

## **Thermocouple isolation minrale CEI avec prise standard - Type T - 3,0 mm x 500 mm**

Labfacility are the UK's leading manufacturer of Temperature Sensors, Thermocouple Connectors and associated Temperature Instrumentation and stockings of Thermocouple Cables. The Company has been trading since 1971 and is ISO9001 accredited.

**Vous avez besoin de calibrer votre capteur de température ?**

Traable selon les normes d'étalonnage ISO17025 (UKAS), Labfacility offre un choix d'étalonnage traable en 3 ou 5 points laide de notre installation d'étalonnage interne.

**Veuillez noter que si vous ajoutez une option de calibrage votre commande, vous serez contact pour les informations de livraison.**

|                             |                                                                                                        |
|-----------------------------|--------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>         | XE-3720-001                                                                                            |
| <b>General Description</b>  | Highly flexible, sheath can be bent/formed to suit many applications and processes                     |
| <b>Sensor Type</b>          | Mineral Insulated                                                                                      |
| <b>Thermocouple Type</b>    | T                                                                                                      |
| <b>Element/hot junction</b> | Single element, junction insulated from sheath (offers protection against spurious electrical signals) |
| <b>Probe Diameter</b>       | 3.0mm                                                                                                  |
| <b>Probe Length</b>         | 500mm                                                                                                  |
| <b>Sheath Material</b>      | 316 Stainless Steel                                                                                    |
| <b>Termination Type</b>     | Standard round pin plug, colour coded in accordance IEC 584-3                                          |
| <b>Max. Temperature</b>     | 400°C                                                                                                  |
| <b>Min. Temperature</b>     | -100°C                                                                                                 |
| <b>Standards Met</b>        | In accordance with IEC 584-1&2                                                                         |
| <b>Connector Type</b>       | Plug                                                                                                   |
