

**Thermocouple jonction expose CEI, isol PFA,  
double torsad avec prise moule - Type K - 1/0,3  
mm - Longueur 3M**

Labfacility are the UK's leading manufacturer of Temperature Sensors, Thermocouple Connectors and associated Temperature Instrumentation and stockings of Thermocouple Cables. The Company has been trading since 1971 and is ISO9001 accredited.

La prise moule donne une construction robuste tout en fournissant une terminaison tanche.

### **Vous avez besoin de calibrer votre capteur de temprature ?**

Traable selon les normes dtalonnage ISO17025 (UKAS), Labfacility offre un choix dtalonnage traable en 3 ou 5 points laide de notre installation dtalonnage interne, vous pouvez slectionner nimporte quel point de temprature entre -10C et +200C.

**Veuillez noter que si vous ajoutez une option de calibrage votre commande, vous serez contact pour les informations de livraison**

|                            |                                                                                                                 |
|----------------------------|-----------------------------------------------------------------------------------------------------------------|
| <b>Product Code</b>        | XE-0021-001                                                                                                     |
| <b>General Description</b> | Good mechanical strength and flexibility, resistant to oils, acids and other adverse fluids, gasses, steam etc. |
| <b>Sensor Type</b>         | Exposed Junction                                                                                                |
| <b>Thermocouple Type</b>   | K                                                                                                               |
| <b>Cable Length</b>        | 3M                                                                                                              |
| <b>Cable Type</b>          | PFA insulated conductors twisted together                                                                       |
| <b>Core / Strands</b>      | 1/0.315mm                                                                                                       |
| <b>Termination Type</b>    | Miniature moulded flat pin plug, colour coded 'green' in accordance IEC specification                           |
| <b>Max. Temperature</b>    | 250°C                                                                                                           |
| <b>Min. Temperature</b>    | -75°C                                                                                                           |
| <b>Tolerance</b>           | Class 1                                                                                                         |
| <b>Standards Met</b>       | Colour code (cores & jacket) to IEC-584-3                                                                       |

|                |                        |
