EU Deforestation Regulation (EUDR) & UKFS Due Diligence Statement.

Commodity: Wood and Derived Products (HS Codes in Annex I of Regulation (EU) 2023/1115) **Country of Production:** United Kingdom.

Labfacility don't use any timber in the manufacture of our products, nor do we use any of the other products associated with deforestation. Any timber we do use for example in pallets, would be checked to ensure compliance with UK Forestry Standard (UKFS).

The United Kingdom has been classified by the European Commission as a Low-Risk Country for the commodities covered by this statement. Consequently, Labfacility applies the Simplified Due Diligence approach, as permitted under Article 13 of Regulation (EU) 2023/1115, which significantly reduces the administrative burden while maintaining the integrity of the compliance assurance.

We declare that the due diligence exercise has been carried out in accordance with Regulation (EU) 2023/1115, and we confirm that Labfacility is compliant with the requirements of the EUDR.

Yours faithfully,

Paul Sanders,
Operations Manager,

Northern Division: Eden Place Units 3a & 3b
