Supplier Declaration

The EU has amended Council Regulation (EU) No. 833/2014 to extend the catalogue of banned imports listed in Annex XVII effective from 1 October 2023, which now includes additional iron and steel products and materials of Russian origin.

We herewith confirm the products supplied by Labfacility are covered by Annex XVII of the Regulation in its current version:

- do not have their origin in Russia
- are not exported from Russia

When manufactured outside Russia, to the best of our knowledge and belief, they do not incorporate Russia-originating iron and steel products as covered by Annex XVII of the Regulation in any quantity.
